

Rezolv Energy obtained regulatory clearance for a 229 MW solar power project, which would be the largest in Bulgaria at the moment. In addition, the company's minority partner in an investment in Romania bought the land for their photovoltaic plant under construction, planned to reach a stunning 1.06 GW.

Rezolv Energy will develop the largest solar power plant in Bulgaria, right on the border with Romania. The 165-hectare, 229 MW plant will be located in the town of Silistra in northeastern Bulgaria, less than 10 km from the border with Romania in ...

EUKI project Solar Cities has transformed Bulgaria's renewable energy landscape by helping residents from the cities of Burgas and Sofia access data on solar energy potential through Solar Maps and energy offices.

Enery is renewable energy company with a bold vision for Bulgaria. Enery launched its business in Bulgaria in 2020 with the acquisition of the Karadzhhalovo Photovoltaic Power Plant in Plovdiv district. The company's goal is to provide top-quality O& M for its power plants, in accordance with the highest H& S standards. Locations: 2 Capacity: 174 MW

October 08th, 2024 - Tsenovo, Bulgaria - Enery, a leading renewable energy solutions provider, announces the official opening of its largest solar power plant in Tsenovo Municipality, North Bulgaria. The Tsenovo Solar Plant expands the company's portfolio with an additional 113 MW, contributing to the region's decarbonization.

8 oktombri 2024 g. - Tsenovo, България. Енери, водещ производител на възобновяема енергия, обявява официалното откриване на най-голямата си фотоволтаична ...

4 октомври 2024 г.; The realisation of the Tsenovo Solar Park marks a significant milestone for Enery, demonstrating the company's commitment to a sustainable energy future for Bulgaria and Central and Eastern Europe. Through long-term green power purchase agreements, and the integration of eco-friendly practices, Enery not only delivers clean energy but also ...

October 08th, 2024 - Tsenovo, Bulgaria - Enery, a leading renewable energy solutions provider, announces the official opening of its largest solar power plant in Tsenovo Municipality, North ...

The Tenevo plant will add 238 MW of solar generation capacity to the Bulgarian national energy system, with a long-term plan to add on a 250MW capacity of behind-the-meter energy storage. This is an important project to advance towards Bulgaria's ambitious net-zero greenhouse gas emissions target by 2050 and reduce reliance on coal generation ...

Now, Bulgaria is doubling down on its solar potential, with 85% of its future renewable projects focused on solar energy alone. By the end of 2024, an additional 1,500 MW of solar power will be connected to its national grid, further solidifying its leadership in green energy.

Rezolv Energy obtained regulatory clearance for a 229 MW solar power project, which would be the largest in Bulgaria at the moment. In addition, the company's minority partner in an investment in Romania bought ...
