

Aesi battery Albania

What does AeSI stand for?

The move enables strategic growth of ABS' Mobility and ESS businesses with better alignment to market. Lake Orion, Michigan - September 11, 2023 - American Battery Solutions (ABS) announced today the spinout of its Energy Storage Solutions Division to create a new, independent company: American Energy Storage Innovations, Inc. (AeSI).

What does AeSI do?

AeSI will design, build and sell stationary storage systems for grid, distributed energy and vehicle charging systems.

Is AeSI an independent company?

AeSI will operate as a fully independent company, enjoying the continued support and backing of ABS' long-standing investors, the KCK Group. With a vision of revolutionizing energy storage, AeSI is poised to take center stage in the global energy transition and is set to redefine the future of energy storage technology.

[BOSTON, MA, May 25, 2023] - American Battery Solutions, Inc.'s Energy Storage Solutions division (ABS ESS), manufacturer of the ultra-high-density TeraStor(TM) lithium-ion battery ...

AeSI's journey is marked by a relentless pursuit of excellence, with its core team members being the masterminds behind the world's first lithium-ion battery for commercial use back in 2006/2007.

At AeSI, our goal is to always provide the most efficient, most reliable and most cost-effective BESS to customers around the globe. The new facility is strategically located and able to serve our worldwide markets, benefiting from ...

AeSI comprises highly experienced core team members who have developed five generations of large-scale BESS systems, heretofore having deployed more than 1.5 GWh worldwide. That same team has come together once again to create their magnum opus -- the all-in-one, ultra-high density TeraStor.

AeSI is committed to pushing the boundaries of innovation in energy storage and remains steadfast in its mission to drive sustainability and usher in a new era of energy solutions. "We are thrilled to embark on this new journey as American Energy Storage Innovations," said Collins, CEO of AeSI.

AeSI will operate as a distinct entity, and ABS will continue providing battery systems for commercial and industrial mobility and the off-road sector, capitalizing on tremendous growth opportunities and executing on large supply contracts with leading bus, truck, RV and delivery vehicle programs.
