

St Helena became famous as the place of exile of Napoleon Bonaparte. Today the island near the west coast of Africa formally belongs to the UK. Following the installation of SolarWorld photovoltaic modules, the island now has the ...

On 12 August 2014, ExCo agreed to the allocation of £1m of extra funding to build a new solar farm for electricity generation on St Helena. The new funding has been identified specifically to support only renewable energy projects, and must be spent in this financial year, 2014/15. ExCo was very supportive of this proposal as solar generated electricity [...]
