Who is American Lithium Energy?

Welcome to American Lithium Energy - Your Trusted Partner in Advanced Energy Solutions. Explore our cutting-edge lithium battery technologies and sustainable energy innovations for a brighter and greener future.

Where is American lithium located?

In south-central Nevada, the company owns the TLC claystone lithium deposit, which is in close proximity to the Tesla giga-factory in Nevada. In south-eastern Peru, American Lithium is developing the advanced-stage Falchani hard rock lithium deposit, as well as one of the world's largest undeveloped uranium deposits, known as Macusani.

Why should you choose American lithium?

American Lithium is well-positioned to play a key role in society's shift to a secure, sustainable new energy paradigm in the Americas. With a focus on Nevada and Peru, the company has the advantage of both geographic and geological diversity in developing world-class, scalable projects.

Is the DRC's lithium sector a swathe of potential supply chain risks?

13 December 2021 (Updated 31 January 2022) - A new investigation into the DRC's nascent but globally significant lithium sector sounds the alarm on a swathe of potential supply chain risks.

What is American lithium's strategic approach to the uranium assets of Plateau?

American Lithium intends to implement a strategic approach to the uranium assets of Plateau, specifically Macusani, with the goal of maximizing the value of this asset for the benefit of shareholders of the combined entity following the closing of the transaction.

Who is the legal counsel for American lithium?

Cassels Brock & Blackwell LLP is acting as legal counsel to American Lithium. In connection with completion of the Transaction, Axemen Resource Capital Ltd. is entitled to receive a success fee upon closing. Haywood Securities Inc. is acting as financial advisor and Blake, Cassels & Graydon LLP is acting as legal counsel to Plateau.

Presentation has been taken from the PEA report entitled "Tonopah Lithium Claims Project NI 43-101 Technical Report - Preliminary Economic Assessment" with an effective date of January 31, 2023 and prepared by Derek J. Loveday of Stantec Consulting Ltd., a copy of which is available on American Lithium's SEDAR+ profile at ...
