

How can Antigua and Barbuda reduce energy costs?

Antigua and Barbuda's electricity tariffs are among the highest in the Caribbean region. Allowing private sector participation in the renewable energy market and diversifying the energy matrix in line with the National Energy Policy can bring significant cost reduction.

How much does electricity cost in Antigua and Barbuda?

This profile provides a snapshot of the energy landscape of Antigua and Barbuda, an independent nation in the Leeward Islands in the eastern Caribbean Sea. Antigua and Barbuda's utility rates are approximately \$0.37 U.S. dollars (USD) per kilowatt-hour (kWh), which is above the Caribbean regional average of \$0.33 USD/kWh.

What is Antigua & Barbuda's energy policy?

Antigua and Barbuda published a draft of its National Energy Policy in December 2010, with the dual goals of reducing energy costs by diversifying away from fossil fuels and driving development of new technologies and sectors.

Who owns the power in Antigua & Barbuda?

Under the terms of the deal, the Antiguan government will retain a 51% share in WIOC.¹⁰ Antigua and Barbuda's generation resources are owned primarily by APUA, with the remainder owned by the sole independent power producer (IPP) currently in operation-- Antigua Power Company Limited (APC); other IPPs are allowed but none exist to date.

Can a wind power plant be used in Barbuda?

Another case is the large wind energy potential on Barbuda, which could easily satisfy the local energy needs--the island is currently served by a 7.2-MW diesel power plant.²¹ Inter-connections to nearby islands could increase the potential benefits from this wind resource and spread them to other parts of the country as well.

This dependence on fossil fuels exposes our nation to external shocks and the volatility of the petroleum fuel market. Rising energy

Antigua is Spanish for "ancient" and barbuda is Spanish for "bearded". [13] The island of Antigua was originally called Wadadli by the Arawaks and is locally known by that name today; the Caribs possibly called Barbuda Wa"omoni. Christopher Columbus, while sailing by in 1493, may have named it Santa Maria la Antigua, after an icon in the Spanish Seville Cathedral.

Antigua & Barbuda's National Energy Policy with special thanks to the National Energy Taskforce and to Ambassador Joan H. Underwood for her dedication and commitment to seeing this policy through to its end. May our work for a cleaner and greener Antigua and Barbuda be a success. Hon. W. Baldwin Spencer Prime Minister Tel: (268) 562-3860 ext. 286
