I got a quote for the 16 x 280AH cells + Apexium DIY Box and cables from battery to inverter was \$2070 then shipping was quoted \$360 (not sure why so much), then \$100 transaction fee??? I think the shipping is to much unless it is because of the DIY box??

Ray Builds Cool Stuff's videos on the Apexium 280 battery box and other battery builds have been very helpful to me. I just got some MG 847 in the mail, and plan to use it to reduce resistance in the connections. I plan to sand the contacts WITH the MG 847 to prevent any new oxidation from forming immediately after the sanding.
