

Aradas é uma povoação portuguesa sede da Freguesia de Aradas do Município de Aveiro, freguesia com 8,90 km² de área [1] e 10087 habitantes (censo de 2021) [2], tendo, por isso, uma densidade populacional de 1 133,4 hab./km ...

The Government of Tunisia (GoT) has embarked on an ambitious path to increase its renewable energy production. Through the TERI UMBRELLA, the World Bank has been providing technical assistance activities to support and accelerate Tunisia's energy transition, particularly to increase renewable energy generation.

Renewable energy offers Tunisia an opportunity to stabilize its economy. By reducing its dependence on imported fossil fuels, Tunisia can protect itself from the energy import costs that strain national finances. For instance, in 2022, Tunisia imported approximately 48% of its energy needs, primarily through natural gas, according to the World ...

Tunisia was once a net exporter of oil and gas and is now heavily dependent on imports to meet its energy needs, especially for electricity generation. Hence, to reduce both its carbon footprint and its dependence on ...

A Private Sector Program for Energy Transition in Tunisia. In 2022, 98.1% of Tunisia's electricity was derived from natural gas, two-thirds of which was imported from Algeria, making Tunisia especially vulnerable to the volatility of international oil and gas price shocks. Given an annual 4%-5% growth in power consumption, natural gas price ...
