

Asantys systems Dominica

As a system integrator, Asantys Systems specialises in designing solar systems to meet energy requirements exactly, offering high-quality system components at best prices and implementing the project, including logistics, installation and project management, quickly and cost-effectively.

Our vision is a world of prosperity, democracy, free access to educational opportunities and a functioning health system available to all. One basis for this is electrical energy. Once this is achieved worldwide on a sustainable basis our mission will be accomplished.

We serve you from the first planning of a solar system, the system sizing, the choice and procurement of solar components up to the installation, training, monitoring and maintenance. Our experienced consulting assures that we exactly meet your needs.

Asantys Systems ist als Systemintegrator darauf spezialisiert Solarsysteme optimal auf den Energiebedarf auszulegen, hochwertige Systemkomponenten zu Bestpreisen anzubieten und die Projektimplementierung inklusive Logistik, ...

Wir verfügen über mehr als 11 Jahre Erfahrung mit der Systemintegration und Projektimplementierung in netzfernen Gebieten. Wir bieten unseren Partnern sowohl Inselnetze mit der Integration von bestehenden Techniken an als auch individuell geplante Energie-Containerlösungen. Kontaktieren Sie uns, um Ihr Projekt zu besprechen!

Wir freuen uns bekannt zu geben, dass die Asantys Systems GmbH offizieller Vertriebspartner von UZ Energy Limited geworden ist, mit exklusiven Vertriebsrechten für West-, Ost- und Nordafrika. Diese Partnerschaft stellt einen wichtigen Meilenstein in unserer Mission dar, innovative und nachhaltige Energielösungen auf dem gesamten afrikanischen ...

At Asantys Systems, we believe that successful projects are not only about delivering solutions but also about the logistics that bring those solutions to life. So we are pleased to share a behind-the-scenes look at the logistics operations behind the „ASER300“ project, a major initiative by the Agence Nationale d'Electrification ...

Solar-Diesel Hybrid Systems, Solar Backed Diesel Grids, Solar Home Systems, Solar water Pumping Systems, Solar Streetlights or Solar Pico Systems - the technologies for rural electrification exist. Asantys Systems understands itself as a mediator between the markets who is implementing these technologies with its partners in developing countries.

We take care of the system design, the selection of high-quality system components, the purchasing of
