

Galp has entered into a partnership with North American company Powin to install an energy storage system, using large-scale batteries, in one of its photovoltaic plants, in Alcoutim, in the Algarve.

Alcoutim is Powin's inaugural project in Europe, which is poised to be a pivotal growth market for energy storage. This project and partnership, combined with Powin's recently opened office location in Madrid, Spain, showcase the company's commitment to support Europe's energy transition goals.

O Pacto de Inovação New Generation Storage (NGS) encontra-se completamente alinhado com a estratégia de transição energética da União Europeia at 2040, e o repto para a eletrificação completa da mobilidade ...
