Who is Austa solar inverter & battery storage?

Austa is committed to the research, development and production of solar inverter and battery storage package. We have a comprehensive and perfect product line, providing professional solutions from consulting, reconnaissance, design, construction, financing to global smart optical storage.

Could solar power be the future of energy in Congo?

Congo is one of the top five oil producers in Sub-Saharan Africa. But despite its rich energy resources, the electrification rate is low, especially in rural areas, mainly because of a lack of electricity infrastructure. But solar power could be the future as it is also said to be cheaper for households.
