How secure is Austria's energy?

Chancellor Nehammer emphasized that Austria's energy needs are secure. OMV has diversified its sources by tapping into domestic production in Norway and Austria and securing liquefied natural gas (LNG) from international suppliers. Its gas storage facilities are currently filled to 85%, providing a strong safety net for the country.

Why did Austria cancel its gas supply contract with Gazprom?

Austria's OMV said on Wednesday it had terminated its long-term gas supply contract with Gazprom after the Russian firm stopped deliveries last month amid a row that has been highly politicized due to the war in Ukraine.
