

The plan will feature six solar power plants equipped with battery systems, aimed at significantly enhancing the country's energy independence and promoting renewable energy usage. The draft of the spatial plan is expected to be completed within eight months, funded by the state-owned power utility EPS .

The Serbian government is on the lookout for a strategic partner to develop at least five utility-scale solar farms coupled with battery energy storage systems in a bid to accelerate the country...

The contract is the latest in a line of solar projects backed by Serbia's Ministry of Mining and Energy this year, which includes plans for a 1 GW solar panel factory and another 500 MW of...

bPower50 is a versatile "Plug and Play" Solar Home System, designed for the rural off-grid customers typically using candles and kerosene lamps. Once connected, the system is ready to power lights, radios and TVs as well as charge phones for households and micro-businesses.

Find company research, competitor information, contact details & financial data for AGRI SOLAR BB D.O.O. of Sombor, Zapadno-Backi. Get the latest business insights from Dun & Bradstreet.

The Solarina solar farm is a large-scale renewable energy project developed by CWP in Serbia's Zaječar region. The Solarina project is with an installed capacity of 150 MW. Given that the currently installed capacity of solar power plants in Serbia is less than 100 MW, Solarina will significantly contribute to the increase of existing ...

Serbia has taken a bold step toward renewable energy with a newly signed agreement to build 1 GW of self-balancing solar power plants. This groundbreaking project, led by the Hyundai Engineering and UGT Renewables consortium, marks a significant shift in Serbia's energy strategy.

Turkish renewables company Fortis Energy announced today the acquisition of a 180 MW solar project, coupled with a 36-MWh battery energy storage system (BESS), in Serbia. The solar farm will be located in the city of Sremska Mitrovica and construction works at the site are scheduled to begin in 2025, the company noted in a press statement.
