

Bess market Monaco

What is the petit marché de Monaco Ville?

Let's kick things off with the newest market to join the list of marchés des producteurs in the region: the Petit Marché de Monaco Ville. It only opened for the first time at the end of this March, but represents a desire to revitalise the market sites of the Principality by the Monaco townhall.

How much does Bess cost in Europe?

In early 2024, the price of residential BESS offered to end consumers in Europe ranged widely, from EUR400 to more than EUR1,200 per kilowatt-hour (kWh) (Exhibit 2). Historically, European OEMs built trust-based brands by highlighting their "made in Europe" status and rode the first-mover wave over the past ten years.

What makes a Bess market successful?

The BESS market is in an explosive stage of development; players that don't move now will miss out. The winners in the market will be the companies that exhibit the four things required for success. These winners will create value in a new market as the energy transition accelerates.

Where is the newest market address in Monaco?

The Petit Marché de Monaco Ville is the latest market address in the Principality. Photo credit: Monaco Communications Department The Condamine Market on Place d'Armes and the Marché de Monte-Carlo on Avenue Saint Charles are also well worth a visit.

How much money was invested in Bess in 2022?

More than \$5 billion was invested in BESS in 2022, according to our analysis--almost a threefold increase from the previous year. We expect the global BESS market to reach between \$120 billion and \$150 billion by 2030, more than double its size today. But it's still a fragmented market, with many providers wondering where and how to compete.

What's going on at the Monaco market?

It only opened for the first time at the end of this March, but represents a desire to revitalise the market sites of the Principality by the Monaco townhall. For now, it is just one stall strong, but looks set to grow with plans to add a section for artisans later in the year.

In its latest Renewable Energy Country Attractiveness Index (RECAI 63), EY crowned the US as the world's most attractive market for BESS investment, largely thanks to the Inflation Reduction Act, which offers a 30% tax credit for BESS construction.
