

What is Bolivia's energy mix?

Bolivia's overall energy mix is dominated by fossil fuels, with natural gas (50%) and petroleum products (31%) supplying most of the country's energy in 2020. In 2021, Bolivia's national electricity agency ENDE announced its intention to generate up to 80% of the country's power from renewable sources by 2025.

What type of energy system does Bolivia use?

Similar to the country's total energy system, the power sector relies heavily on natural gas (AETN, 2016). The electricity network in Bolivia is broken into two classifications: the National Interconnected System (SIN) and the Isolated Systems (SAs).

What percentage of Bolivia's electricity comes from renewables?

A quarter of the electricity generated in Bolivia comes from renewables. On the other hand, 12% of the population still does not have access to electricity. The government has launched the Bolivia Electric Plan 2020-2025 to support the expansion of the el

Which companies make electricity in Bolivia?

These companies fall under ENDE (the National Electricity Company). Bolivia's electricity production is based on thermoelectricity (71 percent), hydroelectricity (20 percent), and solar and wind (9 percent). The best sales prospects are with hydrocarbons: natural gas-related machinery, equipment, and production.

How much electricity is produced in Bolivia in 2050?

In this scenario the participation of the electricity in the Bolivian energy consumption reaches 87% by 2050, of which over 96% is produced by renewable sources, and emissions are reduced by 74% in 2050 compared to the BAU scenario.

What is the energy sector in Bolivia?

The Bolivian energy sector, which is almost completely nationalized, is headed by the MHE (Ministerio de Hidrocarburos del Estado Plurinacional de Bolivia) whose mission, according to their website, is to create policies that promote the integrated development of the energy sector in a manner that is equitable and in harmony with Mother Earth.

“Para qué Bolivia necesita ser miembro del Consejo Mundial de Energía? 6 diciembre, 2024. ... Energy Press y AEE firman convenio de cooperación. El convenio marco permitirá promover programas conjuntos y de difusión en temas energéticos e hidrocarburiíferos. Energy Press, el medio de...
