Sunshine City is a veteran-owned, residential solar company serving the Southwest region and located in the heart of El Paso, Texas. The company's beginnings were humble, as the founder, Sam Silerio, went door-to-door in an effort to show El Paso homeowners how solar energy can make a positive difference for them financially and for their environment.

The Global Solar Atlas provides a summary of solar power potential and solar resources globally. It is provided by the World Bank Group as a free service to governments, developers and the general public, and allows users to quickly obtain data and carry out a simple electricity output calculation for any location covered by the solar resource database.
