Who is Bosa energy?

Bosa Energy Co.,Ltd. - Leader In Lithium-Ion Battery And Power System For Energy Storage. Our main business covers lithium-ion battery and power system for energy storage,electric vehicles and marine applications .

How do I contact Bosa energy?

Know more info pls contact: [info@bosaenergy.cn](mailto:info@bosaenergy.cn) #lfpbattery #lithiumbatteries #batterysystem #batteries #batterymanufacturer #battery pack #batteryproduction #productionline #bosaenergy

How do I contact Bosa energy if my vehicle requires electrification?

If you have similar vehicles that require electrification,please contact us: [info@bosaenergy.cn](mailto:info@bosaenergy.cn) #battery packs #bosaenergy #lfpbatteries #lithiumbatteries #batterysystem #batteries #batterymanufacturer #batterymodules #truck #electrictruck #batteryshow Contact us and get free visitor tickets to battery show in Stuttgart!

What did Bosa show in the battery show?

In this Battery Show,BOSA showed standard battery modules,battery packs and battery systems. Our products are widely used in electric marine,energy storage system,ev,light tower,heavy machine and so on. We are delighted to meet all our new and old customers on site and discuss our products together,looking forward to our next meeting!

LiFePO<sub>4</sub> is used as the positive electrode of the battery, which is connected to the positive electrode of the battery by an aluminum foil, in the middle of which is a polymer diaphragm, which separates the positive electrode from the negative electrode, but the lithium ion Li can pass through it while the electrons e<sup>-</sup> can't pass through it, and on the right side of it is the negative ...

Product Description. Our battery modules can be used for nearly every application as battery solution, high voltage solutions in particular. Their modular layout enables you to assemble a battery pack in mere hours.Place modules in series to reach the voltage your applications require and place modules in parallel to match the current your application needs.

Our company are to the quality-oriented, service first, and make great efforts to become the most professional energy manufacturer. Bosa Energy possesses a professional R& D force, with more than 1000 technicians, including 20 doctors and 500 postgraduates. Bosa Energy has been awarded with more than 700 national patents and 19 invention patents.

BOSA was on North America's Battery Show Oct.7-11th, 2024. It's one of the BOSA'S highlights in 2024. The Battery Show is North America's largest advanced battery event, it brings together engineers, business leaders, top-industry companies, and innovative thinkers to discover ground-breaking products and create
