Who is attracting foreign investment to Bosnia & Herzegovina?

The government agency responsible for attracting foreign investment to Bosnia and Herzegovina has successfully pitched the municipality of Grude to Norwegian renewables company Greenstat. Bosnia's Foreign Investment Promotion Agency (Fipa) said last week that the Bergen-based developer has started working on the 45 MW Petjnik solar plant.

Why should Bosnia and Herzegovina adopt the NECP?

With the adoption of the NECP, Bosnia and Herzegovina should seek to improve the country's long-term resilience, advance its economic diversification and competitiveness, and to secure its energy supply and sovereignty by harvesting its natural renewable resources.

"At this moment, Bosnia-Herzegovina is not in the situation to give up fossil fuels." Dzindic added that the Bosniak-Croat Federation intends to invest BAM1.5bn in hydro, wind and solar projects over the next three years, adding almost 600MW of clean energy capacity.

This Renewables Readiness Assessment aims to support Bosnia and Herzegovina on its path towards integrating a higher share of renewable energy, and diversifying its national energy mix to align with its energy and climate ambitions.

Bosnia and Herzegovina Advanced Battery Energy Storage System Market is expected to grow during 2023-2029 Bosnia and Herzegovina Advanced Battery Energy Storage System Market (2024-2030) | Forecast, Analysis, Competitive Landscape, Segmentation, Trends, Value, Size & Revenue, Growth, Companies, Industry, Outlook, Share

Bosnia and Herzegovina Battery Energy Storage System Market (2024-2030) | Analysis, Segmentation, Industry, Growth, Revenue, Size, Outlook, Share, Trends, Companies, Value & Forecast

Utility companies in Bosnia and Herzegovina, a country with only one pumped-hydro storage, should use maximum potential for investment in arbitraging opportunities with pumped-hydro energy storage and find new sources of income given the challenging future energy transition.

Bosnia and Herzegovina battery storage site

Our services for the certification of energy storage systems and components, such as batteries, management systems, inverters and interfaces, have been designed according to international ...

The expansion of the share of renewable energy in the portfolio mix of the electricity generation sector has accelerated the development and integration of large-scale battery storage facilities. We ... Expand

8 Bosnia and Herzegovina Battery Energy Storage Market Key Performance Indicators. 9 Bosnia and Herzegovina Battery Energy Storage Market - Opportunity Assessment. 9.1 Bosnia and Herzegovina Battery Energy Storage Market Opportunity Assessment, By Type, 2020 & 2030F

"At this moment, Bosnia-Herzegovina is not in the situation to give up fossil fuels." Dzindic added that the Bosniak-Croat Federation intends to invest BAM1.5bn in hydro, wind and solar projects over the next three years, ...
