Chinese company Norinco International plans to buy an 80% stake in Aurora Solar, a firm in Bosnia and Herzegovina that has been granted a concession to build a 125 MW solar power plant near Stolac in the Herzegovina-Neretva Canton, Capital.ba has reported.

Solar energy is a promising sector in Bosnia and Herzegovina, with huge untapped potential. While the sector faces numerous challenges, the recent regulatory improvements coupled with the country's abundant sunlight resources create a favorable environment for investment.

This means that the renewable electricity generated by the solar plant will be in demand. Bosnia and Herzegovina also sell electricity to neighboring countries thanks to the interconnection of the European power grid, providing favorable market conditions.

(Yicai) May 28 -- Chinese construction engineering firm Norinco International unveiled plans to invest EUR105.9 million (USD115.2 million) in a photovoltaic project in Bosnia and Herzegovina to expand in the central and eastern European energy markets.
