

Where is Bramble energy located?

The company ability to leverage the global high-volume PCB industry means that they are the first fuel cell company with the manufacturing capacity to supply gigawatts of fuel cell hardware, something the battery Where is Bramble Energy's headquarters? Bramble Energy is located in London, England, United Kingdom.

How much money has Bramble energy raised?

The company has also successfully raised £35 millionfrom investors, indicating strong financial backing and confidence from the investment community. Additionally, Bramble Energy has launched the world's first hydrogen-electric boat, demonstrating innovation and the introduction of new products to the market.

Is Bramble energy growing?

Is Bramble Energy experiencing growth? Bramble Energy may be growingas it has significantly increased its workforce, expanding from eight employees in 2020 to over 80 employees currently. The company has also successfully raised £35 million from investors, indicating strong financial backing and confidence from the investment community.

How many investors does Bramble energy have?

Bramble Energy has 8 investors including Advanced Propulsion Centre UK and Kiko Ventures. How much funding has Bramble Energy raised to date? Bramble Energy has raised. When was the last funding round for Bramble Energy? Bramble Energy closed its last funding round on May 9,2023 from a Grant round. Who are Bramble Energy's competitors?

Who is the CCO at Bramble energy?

Playing a vital role in Bramble's successful funding rounds, Vidalbrings together his vast experience of project and supply chain management from the construction industry and the development and commissioning of hybridised portable fuel cell systems in his role as CCO at Bramble Energy.

When did Bramble energy close?

Bramble Energy closed its last funding round on May 9,2023 from a Grant round. Who are Bramble Energy's competitors? Alternatives and possible competitors to Bramble Energy may include Glydways ,Sunfire ,and Elcogen.

Bramble Energy are excited to announce an initial interaction with Alcraft Motors Ltd. Alcraft Motors are a British car company focused on developing unique low-carbon vehicles and technologies; making dynamic, design-led, high-tech, high-performance products. Like us, they see the potential for fuel cell range extenders, and we're very excited to collaborate with ...

Bramble Energy is pleased to announce a partnership with BOC Ltd, part of the Linde Group, to develop the Hymera 20. The versatile 20 W hydrogen fuelled power generator will launch in early 2018 and will be available directly from BOC Ltd. Bramble Energy Ltd is a spin out fuel cell company from the Imperial College [...]
