

Brunei container power

What is a container shipping project in Brunei?

Expand container shipping routes from Brunei to major global markets and to ports in ASEAN countries to strengthen shipping links with neighbouring countries. The objective of this project is to attract more enterprises to invest in Brunei and increase local economic development.

How much money will Brunei invest in a container ship expansion project?

The expansion project involves an investment of over 400 million Brunei dollars (about 307 million U.S. dollars). In the future, it will allow container ships with a deadweight tonnage level of 50,000 tons to dock and operate, significantly enhancing cargo handling capacity of Brunei's Muara Port, according to the MPC.

When will Muara container terminal be built?

Construction of the new terminal is slated to begin in Q2 of 2022 with a projected completion date in Q3 of 2023. Muara Port Company is a joint venture between government-owned Darussalam Assets and China's Guangxi Beibu Gulf Port Group. The firm took over operations of Muara Container Terminal when it was privatised in 2017.

Why should Brunei build a new terminal?

Second Minister of Finance and Economy, YB Dato Seri Setia Dr Hj Mohd Amin Liew Abdullah, who was also present at the event, said the new terminal would play a crucial role in creating business opportunities in Brunei's logistics and manufacturing sectors as the country tries to diversify away from oil and gas.
