We provide consultation, design, procurement and installation services of solar photovoltaic systems. Due to the absence of national on-grid solar/renewable energy regulation such as the feed-in-tariff (FiT) or the net energy metering ...

Power your home or commercial building with 72Co.'s ethically sourced solar panels. 72Co. is not just any Brunei solar company! Up to 7 trees are planted for every solar power project installed to help make Brunei's Wawasan 2035 a reality. Free consult available!

We provide consultation, design, procurement and installation services of solar photovoltaic systems. Due to the absence of national on-grid solar/renewable energy regulation such as the feed-in-tariff (FiT) or the net energy metering (NEM) schemes in Brunei Darussalam, our installation has so far been off-grid systems only.

Spurred by the interest and demand for green products in Brunei, Sun Wei has expanded to provide solar power system design services for private and commercial installations. Using only high quality solar panels, inverters, solar chargers and batteries, this has ensured a hassle free maintenance and long term sustainability of the entire system.
