

Cabo Verde wattplus energy private limited

Despite the challenges posed by the COVID-19 pandemic, the Government of Cabo Verde has remained focused on several key sectors for private sector investment and partnership. It is the government's ambition to transition to 50 percent renewable energy by 2030.

Cabo Verde is an archipelago strategically positioned in the Atlantic Sea, at 500 miles from the African continent. Despite its limited natural resources (mainly sun and wind) and vulnerability to climate-related challenges, Cabo Verde achieved lower middle-income status in 2008. Tourism represents around 20% of the national GDP.
