San Diego is hardly the first place a person calls to mind when they think of the oil and gas industry, but a big oil and gas player sits at Pacific Highway and Laurel Street. Solar Turbines manufactures midsize industrial ...

OverviewSolar Aircraft CompanyPrudden-San Diego Airplane CompanySolar Division of International HarvesterWholly owned subsidiary of Caterpillar Inc.In March 1929, Prudden-San Diego Airplane Company changed its name to Solar Aircraft Company, a reference to San Diego's sunny climate. Solar Aircraft Company's main product was an all-metal passenger aircraft powered by three Siemens & Halske radial engines. Due to the Great Depression in 1929, the company was unable to market the aircraft and made only three airplanes.
