Take your camping, overlanding, and everyday charging experience to the next level with the Cascadia 4x4 VSS System(TM) hood mounted solar panel system.

What is the Cascadia 4x4 VSS system?

In short: The Cascadia 4x4 VSS System is an impressive product for SUV and truck owners who need some extra power when the vehicle isn't moving. This is especially true for outdoor adventurers who use their roofs for hauling big pieces of gear, an area that could otherwise be utilized for solar panels.

Cascadia 4x4 Hood Solar Panel Installation As you can see in my video at the beginning of this article, the installation of this panel couldn't be easier. Cascadia 4x4 says you can install it in about one-and-a-half hours, and that estimate is spot-on.

Take your camping, overlanding, and everyday charging experience to the next level with the Cascadia 4x4 VSS Solar Panel Kit. They work like this: the pre-cut, application-specific solar ...

We invented the world's first vehicle hood solar panel/module in 2018 (VSS System). We provide this offering for Toyota, Jeep, Ford, Ram, Nissan, and Mercedes to name a few. Winch equipped vehicles will benefit from our Flipster winch license plate mount.

Cascadia 4x4 VSS systems are the world's first and highest quality, vehicle-specific hood-mounted solar option for passenger vehicles. The solar panels hard-mount to the hood of your vehicle and during daylight hours provide a constant flow of clean solar energy to your primary or secondary vehicle batteries.
