Is a whole home battery backup system worth it?

You'll need about three times as much power for a whole home backup system, which is about three times the price of a partial home setup. Partial home battery backup systems generally make more sense for the average American home, but a whole-home setup may be worth it if you live in an area with frequent blackouts.

Is Macao a good place to drive an EV?

Macao is uniquely suited for EVs due to its size. In a 2021 research project, Zhang and his team found that the average Macao driver does not exceed 10,000 kilometres per year, or 27 kilometres per day. "For many families, it would be enough to charge their EVs one or two times a week," says Zhang. "EVs are perfect for a small city like Macao."

Which EV charger is best for Macao drivers?

"First of all, Tesla provides right-hand drive models (such as Model Y and Model 3), which are more suitable for Macao drivers. Besides, it is [one of] the earliest EV brands that entered Macao markets and most chargers in local car parks are compatible with its vehicles," he says.
