

Christmas Island aggrego company

Where is Aggreko located?

Aggreko is a global supplier of mobile and modular power, temperature control equipment and energy services, headquartered in Glasgow, Scotland. The business was founded in 1962 and previously listed on the London Stock Exchange from 1997 to 2021. Aggreko was acquired by TDR Capital and I Squared Capital in August 2021.

When did Aggreko become a company?

Aggreko was founded in The Netherlands by Luc Koopmans in 1962. It moved to Scotland in 1973. In 1984, it was acquired by Christian Salvesen plc in 1984, a Scottish transport and logistics company. In 1997, the business demerged from Christian Salvesen and then listed on the London Stock Exchange.

Is Aggreko a good company to work for?

Aggreko can be a good company for those seeking growth opportunities, decent pay, and reliable hours. It offers training opportunities and good leadership. However, there are reports of a glacial pace for many benefits and divisiveness between locations and teams. Was this review helpful?

Why did Aggreko buy Younicos?

In July 2017, Aggreko announced the £40 million acquisition of battery storage company, Younicos. The acquisition was part of the company's plans to provide greener sources of electricity, transitioning away from diesel only generators.

What has happened to Aggreko?

Aggreko was once a great place to work, but unfortunately, it has been purchased by a private equity firm over the last year and undergone a drastic firing spree. The company now suffers from a lack of management vision.

Who is the CEO of Aggreko energy?

In November 2021, the company appointed Blair Illingworth as its chief executive. In September 2022, Aggreko launched a new business unit in North America called Aggreko Energy Transition Solutions, which will develop, own and operate clean energy and sustainable infrastructure.
