What are the Cocos Keeling Islands?

Often referred to by their full name, the Cocos Keeling Islands are the remnants of an extinct volcano. There are 27 islands in the group of which only 2 have settlements. The main island for travellers is West Island. Here you will find most of the accommodation, eateries, shops and the airport.

If going with the flow is how you roll, you will love the Cocos Keeling Islands. They have a small - very small - country town vibe. Your activities revolve around the exquisite lagoon whether they be snorkelling, diving, fishing, parasailing, or just relaxing under a coconut palm reading a book while inhaling the frangipani infused air

The Cocos (Keeling) Islands are a group of two coral atolls with 27 islands, located about halfway between Australia and Sri Lanka. Only two islands are inhabited, West Island and Home Island, with a combined land area of about 14 square kilometers (5.4 square miles).
