

What does commeo do?

Commeo has made it its mission to provide companies with transparent and self-determined control and continuous optimisation of their energy infrastructure as an integrated solution provider.

Who are commeo & electrofleet?

Managing Director ElectroFleet GmbH Robert H&#228;rtel With Commeo, we found a competent partner for our decentralized microgrid solutions: powerful battery storage systems. Combined with our AI software, we offer customers flexible energy applications that reduce costs, price risks, and CO2 emissions.

Is commeo a good replacement for old battery storage?

Press Officer Stadtwerke Witten Julian Klug Our partner Gustav Klein recommended the Commeo system as a replacement for our old battery storage. The biggest advantage is the additional functions and larger capacity, allowing more energy storage. We are satisfied with Commeo's service, quick issue resolution, and high-quality product.

What makes commeo unique?

Commeo is 100 % technology independent and 100 % owner of the technology of the products. focus is on industry and commercial. By continuously optimizing our recycling processes, we exceed the legal requirement. Our production is supplied exclusively from green energy sources.

Why should you choose commeo?

Managing Director Der Tortenschmied Florian Stirner Commeo impressed us with its storage systems and software. The complete package was coherent, and we got everything from one source. After nearly a year, we see savings using our self-produced electricity more efficiently. We can also buy cheaper spot market electricity.

When will commeopark open in 2024?

In 2024, we will open our new company headquarters, the CommeoPark, where we will demonstrate how it is possible to dispense with fossil fuels by connecting a wide range of energy sources. Our customers will also benefit from our experience. From 19 to 21 June 2024 in Munich, The smarter E, Europe's largest trade fair ...

Unsere Containerl&#246;sungen erm&#246;glichen es Ihnen, Ihre Energie effizient zu speichern und zu handeln. Dies bedeutet f&#252;r Sie nicht nur Energieunabh&#228;ngigkeit, sondern auch eine nachhaltige Einkommensquelle.

Mit Commeo als Partner auf der sicheren Seite. Commeo hat es sich zur Aufgabe gemacht, Unternehmen als ganzheitlicher L&#246;sungsanbieter eine transparente und selbstbestimmte Steuerung sowie die kontinuierliche Optimierung Ihrer energetischen Infrastruktur zu erm&#246;glichen.

Commeo GmbH - energy storage solutions meo GmbH, based in Wallenhorst near Osnabrück, is a fast-growing company that sets new benchmarks in one of the most important future technologies with its high-performance, innovative, and individually tailored energy storage and energy management solutions, developed by German researchers and ...
