

To develop the most effective solution with an in-depth understanding of each customer's unique needs, PACCAR Power Solutions starts by assessing factors such as fleet size, vehicle application, charging schedules, peak energy demands, energy rates, and potential surpluses from self-generated electricity.

PACCAR Parts is introducing PACCAR Power Solutions. This new department offers DAF and other customers a range of tailored products and services designed to support transport operators in making the energy transition.

PACCAR Parts has launched PACCAR Power Solutions, a comprehensive business unit for electric vehicle charging, infrastructure and battery electric vehicle (BEV) parts. This dedicated team assists customers transitioning to electric vehicles.

PACCAR Parts présente PACCAR Power Solutions, pour aider les transporteurs à adopter un mode de transport zéro émission rentable. DAF a été le premier équipementier européen à commercialiser un camion entièrement électrique (2018) et fournit une gamme complète de chargeurs depuis 2021 via son organisation PACCAR Parts.

PACCAR Parts presents PACCAR Power Solutions to support transport operators in advancing profitable zero emissions transportation. DAF was the first European OEM to bring a fully electric truck to the market (2018) and is already providing a full range of chargers since 2021 through its PACCAR Parts organization.

PACCAR Parts is introducing PACCAR Power Solutions. This new department offers DAF and other customers a comprehensive range of tailored products and services, designed to support transport operators in making the energy transition.

PACCAR Parts has announced the introduction of PACCAR Power Solutions. The new division is designed to support customers with products and services in their transition to electric power. DAF offers a range of electric trucks from the 12-tonne XB Electric with ranges up to 350km to the XD and XF Electric models with ranges up to 500km to suit ...

PACCAR Parts introduceert PACCAR Power Solutions, dat vervoerders ondersteunt bij het bevorderen van winstgevend transport zonder uitstoot. DAF was in 2018 de eerste Europese truckfabrikant die een volledig elektrische truck op de markt bracht.
