DBPOWER - The Power of Innovation. At its core, technological innovation should mean something. It's not enough to pioneer new technology if that technology isn't benefiting real-world people living real-world lives. Technological innovation should put people first, helping to make daily living more convenient, enjoyable, and dependable.

Chhattisgarh state electricity regulatory commission (CSERC) vide its February 2022 order has directed the state to assess its power demand and accordingly procure it from DBPL in case of any requirement. Currently, the remaining power is sold through bilateral contracts and in the power exchanges.

The reaffirmation of long term ratings to facilities of DB Power Limited (DBPL) continues to derive strength from well-established promoter group and private equity firm, long term power offtake arrangement and fuel supply arrangement for partial capacity.
