Dokio solar panel New Zealand

DOKIO is an international brand of photovoltaic modules registered in Madrid, Spain, with more than 15 years of experience in the production and sales of solar panels and a wide range of customers from 50 countries in the world, which takes achievable goals as a national high-tech enterprise and a national specialized new incubator.

The solar panels are from DOKIO. They are 2 x 100 W (200 W) solar panel flexible mono 12 V types. They are connected to a MPPT solar charge controller. The small solar module (50W) in the middle was already installed, when we bought the boat, but not working, since the solar controller was old and damaged.

Below is power readings for a single Dokio 220w panel during 2pm sun in the Dallas, TX area. My conventional panels were putting out 85% capacity, and this panel was on the ground next to them. As you can see by the readings, I was getting around 100 watts which is 45% of the rated capacity of the panel.

Unlike rigid solar panels, the DOKIO Flexible Solar Panel can be curved to a maximum 30 degree arc. This feature allows for easy installation on curved surfaces, expanding the possibilities for off-grid living spaces such as roofs, campers, trailers, boats, cabins, sheds, tents, and yachts. Embrace the freedom of flexible solar energy.

Efficient Solar Panels. The Dokio 110w 18v Portable Foldable Solar Panel Kit features high-efficiency solar panels that can convert sunlight into usable energy with impressive efficiency. This means that you'll be able to charge your batteries or power stations quickly and efficiently, even in less-than-optimal sunlight conditions.
