Which country has the largest solar power plant in Bosnia & Herzegovina?

Right after a 45 MW facility in Bosnia and Herzegovina entered a trial phase, North Macedonia again became the country with the largest one in the region. Mey Energy said it finished its 55 MW solar power plant in the municipality of Novaci, in the heart of the country's coal industry. The system was built next to the Suvodol open pit.

Where is the largest photovoltaic plant in the Western Balkans?

Mey Energy completed a 55 MW photovoltaic facility in Novaci in North Macedonia. It is currently the largest in the region. The Western Balkans are slow in the deployment of solar power, but the list of utility-scale photovoltaic units is gradually becoming bigger.

Are there solar power plants in BiH and Kosovo?

There are solar power plants under construction in BiH and Kosovo* of 150 MW each in peak capacity. Another one, of 140 MW, is being built in Albania. *This designation is without prejudice to positions on status and is in line with UNSCR 1244/99 and the ICJ Opinion on the Kosovo declaration of independence.
