Ecobat Solutions enables the circular battery economy and returns value to lithium-ion scrap generators. We offer collection, transportation, diagnostics and recycling services. With a high recovery rate and low cost of operations, Ecobat is able to offer competitive pricing for scrap lithium-ion material, as well as reduce the risk and hazards ...

Ukraine Relief. Dear Ecobat family, Over the past two weeks, we, along with the rest of the world, have watched in disbelief the mounting violence in Ukraine and the humanitarian crisis developing in the region. At the same time, we are hearing courageous stories of the Ukrainian people's unwavering resolve and ferocious resistance.

Ecobat Solutions leverages our international group network and extensive technical experience to bring innovative products and solutions to market. We conduct technical queries, assist in the development of bespoke products based on specific application requirements, and provide consultation services that help customers implement more ...
