Unlike Ecobat, some "disposal" agencies may send intact batteries overseas for cell harvesting. That means your scrap battery material may end up in a new application without your knowledge or permission. Ecobat is committed to recycling and can provide evidence and documentation that your batteries have been recycled.

At Ecobat, our operations are centered around sustainable processes and practices for the safe, effective handling of lead. Recycling and resource recovery comprise more than 80% of our business. Our closed-loop recycling approach helps us maintain the supply of lead while reducing the overall environmental footprint of lead.
