

Egypt types of bess

Who is Bes in ancient Egyptian mythology?

Bes is a god of childbirth and protector of children in ancient Egyptian mythology. He is also known as a guard against nightmares. Though not one of the main deities, Bes is most commonly worshipped during a person's marriage, through the conception and birth of a child. (The Spirit Of Ancient Egypt, Ana Ruiz)

What did BES do in ancient Egypt?

[8]Bes was a household protector, becoming responsible- throughout ancient Egyptian history- for such varied tasks as killing snakes, fighting off evil spirits, watching after children, and aiding women in labour by fighting off evil spirits, and thus present with Taweret at births. [9][10][11]

Was Bes a hard-working Egyptian god?

Bes was certainly one of the harder-working Egyptian gods. He held a significant role in the daily lives of the ancient Egyptians, especially the common folk. He was responsible for a range of important aspects, primarily centered around protection, well-being, and joy.

Is Bes a non-Egyptian?

On the other hand, Bes is known to the Egyptians from the Old Kingdom on, or before. There are no representations of or references to Bes of non-Egyptian origin found outside Egypt. Bes may owe the epithet "Lord of Punt" to his dwarf-like figure: Punt, a legendary African society, appears to have been populated, among others, by pygmies.

Why was BES so popular in ancient Egypt?

Although he began as a protector of the pharaoh, he became very popular with every day Egyptian people because he protected women and children above all others. Though Bes had no temples and there were no priests ordained in his name, he was one of the most popular gods of ancient Egypt.

Did Egyptians worship Bes or beset?

Like many Egyptian gods, the worship of Bes or Beset was exported overseas. While the female variant had been more popular in Minoan Crete, the male version would prove popular with the Phoenicians and the ancient Cypriots. [13]
