

What is El Salvador's energy sector like?

El Salvador's energy sector is largely focused on renewables. El Salvador is the largest producer of geothermal energy in Central America. Except for hydroelectric generation, which is almost totally owned and operated by the public company CEL (Comisi3;n Hidroel3;ctrica del R3;o Lempa), the rest of the generation capacity is in private hands.

Is El Salvador a geothermal country?

El Salvador is also one of the countries included in the SIEPAC project, which will integrate the electricity network of the country with the rest of the Central American region. El Salvador is the country with the highest geothermal energy production in Central America.

What are El Salvador's green energy ambitions?

El Salvador's Green Energy Ambitions: 95% Renewable Projects Set to Transform the Nation in 2024. - El Salvador in English El Salvador's Green Energy Ambitions: 95% Renewable Projects Set to Transform the Nation in 2024.

How much electricity does El Salvador produce a year?

Gross electricity generation in 2006 was 5,195 GWh, of which 40% came from traditional thermal sources, 38% from hydroelectricity, 20% from geothermal sources, and 2% from biomass. In 2006, total electricity sold in El Salvador was 4,794 GWh, which corresponds to 702kWh annual per capita consumption.

How many generation companies are there in El Salvador?

In 2006, there were 11 generation companies in El Salvador, with 18 out of 22 generation plants in private hands and 97% of hydroelectric capacity owned by the public company CEL (Comisi3;n Hidroel3;ctrica del R3;o Lempa).

How many hydroelectric plants are there in El Salvador?

The public company CEL (Comisi3;n Hidroel3;ctrica del R3;o Lempa) owns and operates 97% of the capacity. The four hydroelectric plants in El Salvador are: 5 de Noviembre (81.4 MW), Guajoyo (15MW), Cerr3;n Grande (135 MW), and 15 de Septiembre (156.3 MW), all of them on the Lempa River.

En Pure Energy, estamos aqu3; para ayudarte a llevar tus ideas al siguiente nivel. Selecciona el servicio que necesitas o ind3;canos el tema de tu consulta, y nuestro equipo se pondr3; en contacto contigo para brindarte la mejor asesor3;a y soluciones energ3;ticas personalizadas.

Javier Gonz3;lez, ASI's energy manager, emphasized El Salvador's remarkable achievement of covering over 70% of its energy demand with renewables, placing it among the top 20 countries globally. He underscored the country's diversified energy matrix--40% hydroelectric, 30% geothermal, with additional

contributions from other renewables ...
