batteries Sole Agent of No 1 Brand In Sri Lanka Warranty Up To 5 Years Universal Power Sysytems 15 ...  
import and distribute SOROTEC Branded UPS Ranging from 600VA for home and single computer use up to ...

Backup battery and intelligent charging system. Extremely power saving, Sensor battery life extends upto 1,2 years. Many more... It takes only 2-3 Hrs to install the system to an average house. Installations on public holidays and after office hours can be arranged. Secure your home by the pioneers in burglar alarm systems in sri lanka.

We are one of the leading Industrial Battery importers and distributors in Sri Lanka. The company is equipped with full range of batteries and consist with an island wide dealer network to provide the best services to customers.

Hikvision Fingerprint Time Attendance System DS-K1A802MF-B in Sri Lanka with Operating software 2 Years Warranty.. MAIN FEATURES. 2.8-inch LCD screen to display time, date, week, and attendance information ... Still works properly ...

Battery-Inveter Home Generator. Powerwall is an integrated battery system that stores your solar energy for backup protection, ensuring that your electricity remains on even if the grid goes out. Your system detects power shortages and automatically recharges with sunshine, allowing your appliances to function for several days.

Shop for EBL 12V 12AH Rechargeable Lead Acid Batteries at Ubuy Sri Lanka. Ideal for UPS, EPS, emergency lights, and more. ... Ideal for all-purpose use, these batteries are perfect for Uninterruptable Power Supply (UPS) systems, Electric Power Systems (EPS), emergency lights, backup systems, railway and aircraft signals, alarm and security ...

On May 18 th, Hayleys Solar, the renewable energy arm of Hayleys Fentons, partnered with Watchtower Sri Lanka to construct a 2MWh battery backup system powered by solar PV, designed to provide energy independence, offering up to three days of uninterrupted power.. This landmark project marks a significant milestone for the renewable energy sector in Sri Lanka ...

In theory however, this situation can be solved easily. To get a constant power output from a solar or wind power system, it is only necessary to size the system larger and to store the surplus energy for later use. In practice, however, the solution is not so simple because large-scale Energy Storage Systems (ESS) are currently quite expensive.
