The power station generates,transmits,distributes and supplies electricity to domestic,commercial and industrial customers in Montserrat.

What is Montserrat's electricity service?

Learn more about our electricity services. The Montserrat Utility Limitedis the island's electricity service provider. Our company is always looking ways to produce electricity in a more efficient and cost-effective way.

How much does electricity cost in Montserrat?

Montserrat's utility rates start at \$0.53 per kilowatt-hour(kWh) for residential customers,which is above the Caribbean regional average of \$0.33/kWh. Like many island nations,Montserrat is almost entirely dependent on imported fossil fuels,leaving it vulnerable to global oil price fluctuations that directly impact the cost of electricity.

What is Montserrat power station?

The power station generates, transmits, distributes and supplies electricity to domestic, commercial and industrial customers in Montserrat. The main power station consists of four diesel generators with a total rated capacity of approximately 4.5MW.
