Envidity Overview Envidity is a resource and project development company that uses proven commercial and clean technologies to convert low grade coal resources into high value-added commodity end products, such as clean synthetic transportation fuels and low cost electricity.

Energy and climate change Sri Lanka need not pay any specific attention to contribute positively to the climate change efforts, if the logical change to renewable energy is adopted as national policy. We can easily meet the commitments already made under the NDCs (Nationally Determined Commitments) submitted to the UNFCCC, as a beneficial bonus ...

Colombo, October 3, 2023: In a joint initiative aimed at fostering energy efficiency among businesses and simplifying energy usage reporting, the United States Agency for International Development (USAID) has partnered with the Sri Lanka Sustainable Energy Authority (SLSEA) to unveil a groundbreaking tool. On September 14, USAID, in ...

The Envidity team is passionate about providing alternative sources of cleaner, cheaper transportation fuels -

Sri Lanka is situated far away from an active plate boundary and there is no volcanic region at close proximity to the Sri Lankan land mass. The story of geothermal potential in Sri Lanka mainly ...
