

Equans Solar & Storage offers integrated and high-performance solar and storage solutions that cover the entire value chain, from design to operation, including installation and maintenance. It ensures optimised integration with the electrical grid, which is a major asset, especially in regions where grid resilience is a challenge.

With our deep technical experience and 15-year track record in solar and storage, we specialize in every aspect of the value chain, from design and engineering to installation, operation, and maintenance of solar plants, whether with or ...

Equans, leader mondial avec une pr&#233;sence internationale, ... Equans a travaill&#233; avec Canadian Solar sur ce parc solaire qui produit suffisamment d'&#233;nergie pour 65 000 foyers. 190 MWp. capacit&#233; install&#233;e. 357k t. r&#233;glage du CO2/an. 440k. ...

Solar & Storage As global demand sets ever more ambitious renewable energy supply targets, growing challenges have to be met in energy storage, grid-balancing and frequency response. We are at the forefront of the expanding battery storage market, a key enabler for smart grids.

Equans Solar & Storage offers integrated and high-performance solar and storage solutions that cover the entire value chain, from design to operation, including installation and maintenance. It ensures optimised integration with ...

We activate our in-house and local expertise (design, installation, maintenance, PV project management, BESS, grid integration, substations...) to successfully develop and implement integrated, turnkey, tried-and-true solar PV and storage solutions with highest level of safety, social and environmental sustainability.

Equans, a global leader with an international presence, offers comprehensive solutions in the solar and energy services sector. With our deep technical experience and 15-year track record in solar and storage, we specialize in every aspect of the value chain, from design and engineering to installation, operation, and maintenance of solar ...

We design, install and commission large scale solar PV farms for our clients. Supplying renewable energy from solar power plants enables local communities to reduce costs and reduce their carbon footprint.

Equans Solar & Storage and Destia are pleased to announce the signing of a Memorandum of Understanding (MoU) to cooperate on accelerating the development of large-scale solar PV in Finland. As the demand for green electricity grows in Finland, large-scale solar farms shall take a growing share in the mix in the very

coming years. Destia sees ...

We design and deliver turnkey utility scale solar PV farms of the highest quality, which consistently outperform competition. We use tier-1 equipment exclusively, and provide best-in-class maintenance to the assets we build; guaranteeing ...

Equans a assuré l'EPC de ce projet, qui était la batterie la plus puissante des Pays-Bas lorsqu'elle a été achevée en 2020. Située à côté du parc éolien de Neushoortocht, elle permet d'injecter une plus grande quantité d'énergie renouvelable dans le réseau électrique, tout en le stabilisant.

We design and deliver turnkey utility scale solar PV farms of the highest quality, which consistently outperform competition. We use tier-1 equipment exclusively, and provide best-in-class maintenance to the assets we build; guaranteeing long term project performance.

Erik Groen, can you tell us about your role at Equans and the importance of the new Solar & Storage Systems Business Unit? ERIK GROEN: I head up the new Battery Storage Business Unit at Equans and report directly to Elizabeth Benedetto, the Managing Director. We launched the Solar & Storage Business Unit in April 2023 and are focused on leveraging Equans' long ...

Equans Solar & Storage est une marque de spécialité d'Equans. Equans, filiale du groupe Bouygues, est un leader mondial du secteur des énergies et services, implanté dans 20 pays, avec 90 000 collaborateurs\* travaillant sur les cinq continents et un chiffre d'affaires 2022 combiné, proforma de près de 18 milliards d'euros\*\*.

Solar PV / B2B customers Our B2B customers are seeking cost-effective savings in energy expenditure, with a focus on green, sustainable, and local energy solutions, while also prioritizing self-consumption and decarbonization. ... At Group Level, Equans has a strong local anchoring and deeply connected to our clients in B2B sector. We bring ...

Equans Services is a major provider of Integrated Facility Management (IFM), Building Automation System (BAS) solutions, and electrification and implementation of transport infrastructure in Canada and the United States. We offer and provide customized solutions to our clients, helping them optimize their operational and energy performance in the public and ...

Welcome to Equans Digital Canada, where our world-class team of 750 digital specialists across the country come together to provide expertise and customized solutions to support our clients' energy, digital and industrial transitions.

At Equans NorAm, our strategy is to build a leader in Energy Services across the United States and Canada. While each of our Business Entities possesses years of operational experience in their respective local

markets, their joining of Equans powers this group mission. Equans NorAm has brought together 14 entities in the U.S and Canada (local contractors, HVAC & industrial ...
