Gridstor, a developer of standalone battery energy storage system (BESS) assets, has acquired a 450MW/900MWh project in Texas, US, the company's first in the booming ERCOT market. Gridstor announced last week (6 March) that it has bought the large-scale Evelyn Battery Energy Storage project in Texas" Galveston County from Balanced Rock ...

Spearment Energy began construction of the Revolution battery energy storage system (BESS) facility in ERCOT territory in West Texas just over a year ago. The 150 MW, 300 MWh system is among the largest BESS projects in the U.S. Spearment broke ground in December 2022 on Revolution in partnership with Mortenson, the EPC on the project.

The North American arm of Italy-based energy firm Enel has secured a PPA with Boston Properties (BXP) for part of a solar-plus-storage project in the ERCOT, Texas market, which has a 104MW BESS. The so ...

BESS. within the ERCOT system o Achieved by exhaustive testing of four commercially available OEM -provided BESS GFM models o Approach does not specify specific control topologies, instead provides detailed list of tests to demonstrate functional behaviour (control agnostic) o This presentation represents Electranix Recommendations.

Gridstor, a developer of standalone battery energy storage system (BESS) assets, has acquired a 450MW/900MWh project in Texas, US, the company's first in the booming ERCOT market. Gridstor announced last ...

The Battery Energy Storage initiative addresses integration of battery Energy Storage Resources into the ERCOT System. This section contains work products from the Battery Energy Storage Task Force (BESTF) which is responsible for developing policy recommendations.

650MW of new BESS capacity in ERCOT . In total, five new battery storage projects were cleared for commercial operation dates (COD) during the month of June, including Engie's Five Wells BESS facility located in ...

ENGIE's Five Wells project became the largest battery by rated power in ERCOT at 221 MW. This surpassed ENGIE's 206 MW Libra BESS, which came online in April of this year. Additionally, Plus Power completed ...

ENGIE's Five Wells project became the largest battery by rated power in ERCOT at 221 MW. This surpassed ENGIE's 206 MW Libra BESS, which came online in April of this year. Additionally, Plus Power completed two projects that now share the record for the largest energy capacity of any battery in ERCOT: Ebony,
