Is Eskom launching a battery energy storage system in South Africa?

Friday, 10 November 2023: Eskom unveiled the first of its kind largest Battery Energy Storage System (BESS) project not only in South Africa but in the African continent. Eskom officially opened the Hex BESS site at Worcester in the Western Cape yesterday.

Is Eskom tendering for a battery energy storage system?

Image: Eskom. Eskom, the state-owned electricity utility of South Africa, has begun tendering for a battery energy storage system (BESS) of minimum size and capacity 80MW / 320MWh. The utility issued a procurement notice at the end of July requesting bids for the Eskom Investment Support Project and Eskom Renewables Support Project.

What is the largest battery energy storage system in South Africa?

South Africa's national power utility company, Eskom, has just unveiled the largest Battery Energy Storage System (BESS) in South Africa. This is not only the first one of its kind in South Africa, but also a first on the African continent. Eskom officially opened the Hex BESS site at Worcester in Western Cape yesterday.

What will Eskom do in Phase 2?

Upon completion of the first Phase, Eskom will implement Phase 2 of the project, which includes the installation of a further 144MW of storage capacity, equivalent to 616MWh at four Eskom distribution sites and one transmission site. The solar PV capacity in this phase will be 58MW. This is a great development for South Africa.

Which Bess projects will Eskom invest in?

BESS Projects that Eskom will be investing in: Phase 1: 199MW of the total planned 833MWh. As per the latest schedule, phase 1 is anticipated to be completed by December 2023. Phase 2: 144MW / 616MWh. Eskom has taken the necessary steps to ensure the successful implementation of the BESS project.

What is Eskom Bess - solar photovoltaic (PV)?

The 1440 megawatt-hours (MWh) distributed BESS with 360 megawatt (MW) Solar Photovoltaic (PV) represents a giant leap forward in achieving this aspiration. Eskom BESS rollout project is the largest to be implemented in Africa.

Wallis and Futuna is known for its customary festivals deeply rooted in its culture, giving rhythm to the daily life of its inhabitants. These ceremonies are called Katoaga and take place during a religious holiday (the different districts celebrate their patron saint each year), a family event or secular holidays such as July 14 or the ...
