

Eternalsun spire Uzbekistan

Eternalsun Spire has managed to meet the new market demands in a cost-effective way by upgrading the UV cube designed by PI Berlin. Ultra Violet (UV) irradiation is... Increasing module sizes together with an IEC demand for higher testing doses are leading to a shortage of UV testing capacity globally.

Eternalsun Spire is a leading manufacturer of solar simulators for measuring the performance and reliability of PV modules. We help our customers to achieve the highest degree of measurement certainty and getting the highest return from their solar investments

?????????:Eternal Sun & Spire Solar. ??????????????????????, ?? ...

Since acquiring the solar PV testing division of Spire Solar in 2016, Eternalsun Spire has established itself as a premier manufacturer of solar simulators and integrated climate chambers, essential tools for evaluating the performance and reliability of photovoltaic (PV) modules.

At Eternal Sun, we are excited to unveil our latest breakthrough to the world - our cutting-edge LED-based steady-state lightsource. While this product marks a new chapter for the general ...
