Samoa is aiming to achieve 100% renewable energy by 2017, while Tokelau has already reached 94% including 100% of its electricity. A host of Pacific nations are turning to renewable technologies to satisfy 100% of their ...

By the time the final climate deal was agreed upon by the members of the UN, Tokelau, a remote collection of Pacific atolls, had already installed three solar energy systems that have almost entirely eliminated its reliance on fossil fuels.

Samoa is aiming to achieve 100% renewable energy by 2017, while Tokelau has already reached 94% including 100% of its electricity. A host of Pacific nations are turning to renewable technologies to satisfy 100% of their energy, writes Maxine Newlands.

Tokelau's solar energy system is set to be upgraded on each of its three atolls. Jointly funded by the governments of Tokelau and New Zealand, the \$NZ9 million (\$USD5.7m) system will be installed by New Zealand ...

Tokelau's solar energy system is set to be upgraded on each of its three atolls. Jointly funded by the governments of Tokelau and New Zealand, the \$NZ9 million (\$USD5.7m) system will be installed by New Zealand company Vector PowerSmart.

From humble beginnings, Forte Fluid Systems was born from experience and the demand from our clients to design and build systems to convey precious fluids. Trust was built over decades of providing engineering services to our world-wide clients. Forte Fluid Systems Inc. demonstrates competence as it strives for excellence on each and every project.
