In utilising our Copper and Aqua systems, we're able to implement effective utility management solutions in the commercial, industrial, retail, and residential environments. This is achieved through real-time visibility, driving behavioural change, energy optimisation through nighttime load management, and tenant power consumption management.

Dans cette nouvelle cartographie, l'Europe a bien du mal à se positionner et la France est en train de perdre la bataille du soft-power. Il est par suite urgent de réagir, d'abord en se dotant d'outils, tels qu'un centre d'analyse et de prévision spécialisés, pour comprendre les phénomènes en cours, par nature très mouvants ...
