

France viridity energy solutions

What is viridity energy solutions?

Viridity Energy Solutions is a company providing energy smart grid solutions. It offers a solution toolkit that includes a dynamic linkage between the electric grid and large energy customers, enabling software that takes that linkage and turns customer energy profiles into financial returns, and market execution and implementation services.

What is Viridity Energy?

Viridity Energy is a smart grid technology provider. They cater to large energy consumers who aim to increase energy efficiency and decrease energy costs. Their clientele includes: colleges and healthcare centers, commercial and industrial complexes, utilities, and all levels of the government and the military/public sector.

What are ConEdison Solutions and Viridity?

ConEdison Solutions and Viridity have been working together since 2012. ConEdison Solutions is a company that sold its retail business to Constellation last summer. They have collaborated on a Department of Energy-funded project to enable 24 commercial buildings in New York to respond to grid needs. The software capability and business lines of both companies will now belong to Ormat.

How much money did Viridity get from Altenergy?

Viridity raised about \$8 million from initial investor Altenergy. This is the amount Altenergy invested in Viridity.

Will viridity generate a positive operating income this year?

Ormat expects Viridity to generate a positive operating income this year. Under the acquisition, which is expected to close in early 2017, Viridity will 'continue operations and retain current management and staff, as well as maintain all customer relationships and agreements'. Ormat did say this.

The Case Research Method involves in-depth analysis of a situation, identifying key issues, and proposing strategic solutions.
