How will EDF power French Guiana?

It will be connected to French Guiana's electricity grid through EDF's substation in Saint-Laurent-du-Maroni. The facility will provide reliable and clean electricity to power up to 10,000 French Guiana households. It will meet half of the energy demand in Saint-Laurent-du-Maroni and the Mana commune of French Guiana.

How does ceog fit with French Guiana's energy strategy?

The population of French Guiana is very quickly increasing. Guiana has to face a considerable energy deficit, especially in the west where the demographic growth is booming. By providing several MW of reliable and clean energy, CEOG fits with French Guiana's energy strategy.

What is HDF Energy's \$200 million Centrale Electrique de l'Ouest Guyanais?

HDF Energy's \$200 million Centrale Electrique de l'Ouest Guyanais (CEOG) project is based on its proprietary power-to-power Renewable power plant. The plant will comprise a solar PV park, a 16-MW electrolysis platform, a long-term hydrogen storage unit, two 1.5-MW fuel cell systems, as well as a short-term lithium-ion battery storage unit.

Who are Starlight & NextEnergy?

Starlight is a developer and has a pipeline of 10 GW greenfield and brownfield solar project developments. NextEnergy Capital is a leading global investment manager in the solar sector. WiseEnergy is a market-leading solar asset operator delivering services to ensure excellent plant construction and operational performance.

How much daylight does French Guiana have?

French Guiana is situated in northern South America, close to the equator. It, therefore, boasts 12 hours of daylight throughout the year, which will allow the CEOG solar-cum-green hydrogen power project to operate consistently as a baseload facility all year round.

The Indigenous World 2021: French Guiana. Written on 18 March 2021. Posted in French Guiana. French Guiana is a French overseas territory located in South America. It shares a border to the west with Suriname, along the Maroni River, and to the east with Brazil along the Oyapock River. It covers an area of 83,846 km². The population numbers ...
