

The territories (excluding Antarctica) are managed by the French Southern Territories Reserve, which, as here, monitors the nesting of seabirds. Image : Camille Lin This status is all the more special because the TAAFs are governed by the principle of legislative speciality, meaning that French laws do not apply there unless an exception is made.

25% of global energy pollution comes from industrial heat production. However, emerging thermal energy storage (TES) technologies, using low-cost and abundant materials like molten salt, concrete and refractory brick are being commercialized, offering decarbonized heat for industrial processes. State-level funding and increased natural gas prices in key regions will drive TES ...

Rondo Energy makes industrial decarbonization possible -- and profitable -- today. The Rondo Heat Battery captures low-cost renewable electricity and delivers the world's highest ...

Eric is a specialist on heavy industrial decarbonization, and the CEO of Rondo Energy. He is an active board member, advisor and operating executive working with venture-backed startups as well as preeminent investors in the climate tech ecosystem. Eric is also a recognized expert in cement & concrete decarbonization, having worked on the topic ...

EDP has signed a deal with Rondo Energy to develop up to 400MW of wind and solar capacity to power as much as 2GWh of Rondo's "Heat Battery" installations, which will be used to provide heat garnered from ...

The RONDO 2 Processor Unit in the Clinical Kit is included as a loaner, so it remains property of MED-EL. RONDO 2 Basic Clinical Kit. The RONDO 2 Basic Clinical Kit includes a charging pad, RONDO 2 programming cable, and other accessories. It does not include a RONDO 2 audio processor. RONDO 2 MTD Kit

US-headquartered thermal energy storage provider Rondo Energy has secured EUR75 million (US\$80.5 million) funding to support three projects in Europe. The company manufactures a "Heat Battery" in two configurations, aimed at providing low-carbon industrial heat and power that can be a "drop-in" solution to replace current processes in ...

The company recently inaugurated a 1MWh system in Brazil, as reported by Energy-Storage.news. Rondo Energy . A relatively new player in the thermal energy storage space is California-based Rondo Energy, which raised ...

Three Rondo Heat Battery installations will decarbonize food, clean fuel, and chemical production across Europe. London, June 26, 2024-- Today at the Breakthrough Energy Summit, Rondo Energy, Breakthrough Energy Catalyst, the European Commission, and the European Investment Bank announced EUR75 million in funding that will support three ...

HearCare MED-EL makes hearing care more convenient for cochlear implant users--and for you as their hearing care provider. This new app enables users of RONDO 3, SONNET 2, and SONNET 2 EAS to perform system checks, create configuration backups that are stored in the MED-EL cloud, and benefit from remote fittings.\*

Noon Energy, developer of a novel carbon-oxygen battery aimed at providing long durations of energy storage, has raised US\$28 million in a Series A funding round. The latest company to claim a breakthrough in electrochemical storage technology that could be widely produced at low cost, its technology stores energy in carbon and oxygen and not ...

Southern Company is a gas and electric utility, which owns the Gaston plant via subsidiary Alabama Power, while Storworks is the provider of the concrete thermal energy storage project used in the project. More than 80 energy charge and discharge cycles on the project were successfully performed, with over 700 hours of total operation.

For example, Fervo Energy broke ground on the world's largest next-gen geothermal project to deliver carbon-free electricity; Antora Energy launched its commercial-scale thermal battery for zero-emissions industrial heat and power; Rondo Energy announced plans to expand its Thailand factory to produce 90 gigawatt-hours of storage per year ...

Long-duration energy storage tech players Redflow, Rondo, ESS Inc and e-Zinc in finance, project partnership deals. July 2, 2024. ... EPRI, Southern Company and Storworks have completed testing of a concrete thermal energy storage pilot project at a gas plant in Alabama, US, claimed as the largest of its kind in the world. ...

Rondo Energy makes industrial decarbonization possible -- and profitable -- today. The Rondo Heat Battery captures low-cost renewable electricity and delivers the world's highest temperature, highest efficiency energy storage of any kind, enabling customers to power their operations with zero-carbon energy. Learn more at rondo .

Map of the southern Indian Ocean showing the location of the French Southern Territories, with detailed maps of the Crozet, Kerguelen, Saint-Paul-Amsterdam and Terre Ad&#233;lie/Adelie Land archipelagos

OAKLAND, Calif.--(BUSINESS WIRE)--TITAN Cement Group joins decarbonization and electrification investment leaders Breakthrough Energy Ventures and Energy Impact Partners in supporting Rondo Energy ("Rondo") through its recent Series A financing round. The round supports Rondo's scale-up of its innovative "heat battery" technology, aiming ...
