

Genex solar Bermuda

Who is Bermuda Engineering Company Limited?

Bermuda Engineering Company Limited was founded in 1935 by Gordon Hamilton Burland, a Bermudian renewable energy pioneer and engineer. Back then, he built the first clean energy microgrid in Bermuda and demonstrated bold energy leadership for his time. In 2010 the company was reinvigorated and has been operating as BE Solar since.

How can solar panels be used in Bermuda?

Deploy solar panels in discrete locations to meet Bermuda Government and satisfy listed building planning regulations. Optimize available ground space and create economies of scale while effectively addressing aesthetic considerations. Construct a dedicated facility designed for solar installation that doubles as a shade provider or carport.

Why should you choose Genex?

Genex is committed to responsible solar development that ultimately preserves the farmland upon which it is installed. Solar development is a non-invasive, environmentally conscious way to preserve farmland. We work hand-in-hand with our landowners to identify a meaningful and profitable future for their family's investment in their land.

When did Belco start supplying electricity in Bermuda?

BELCO was incorporated in 1904 as the Bermuda Electric Light, Power & Traction Company (B.E.L.P.&T.), and started to supply electricity in Bermuda on 1 May 1908. The Company purchased its present site on Serpentine Road, Hamilton in 1909 and moved its operations there.

How much electricity does Bermuda use?

Large commercial organizations use about 40% of electricity produced. The standard voltage in Bermuda is 120 V and the standard frequency is 60 Hz AC. Flat, two-pronged plugs (Type A) are in use. All US and Canadian appliances work on the island, without voltage converters or adapters.

Our experienced team designs a customized solar solution that aligns with your energy requirements and budget. We offer a range of solar products, including Solar Power Generators, Direct Current Refrigerators, Direct Current Water Pumps, Portable Solar Panels, Fixed Solar Panels, and Sun Tracking Solar Panel mounts.
