Established in 2010, Green Sun Energy Services, LLC has helped thousands of New Jersey homeowners and businesses become more energy independent. Our expertise includes solar panel installations, battery backups, EV charging solutions, GAF Timberline roofing systems, and Generac generator installation & maintenance services.

Let us help you become more profitable by generating solar savings and never experience devastating effects that load shedding and overall poor quality power supply may have on your business. Contact us today for a reliable Solar Energy solution.

So I proposed the establishment of a Green Sector Mutual Fund. This community-based fund will invest in firms that operate in the green/environmental sector. Now I consider this feasible because I have friends who have established mutual funds such as the University of Ghana Campus Mutual Fund which have turned out successful.
